

Peter Ott
CPA, CA, CBV
Canada

Peter Ott is a member of the Canadian Institute of Chartered Business Valuators (“CICBV”) and since 2013 a member of their Professional Practice and Standards Committee. He was also a member of two sub-committees of the CICBV that developed guidance to members on issues involved in intangible asset valuation and goodwill impairment that led to the CICBV’s Practice Standard on Valuation for Financial Reporting (Standard 110 Appendix B).

Peter was a Board member of TechConnex (formerly the York Technology Alliance) and contributed in the capacity as non-executive Treasurer and facilitated its Chief Financial Officer Peer Group for many years.

Peter has prepared objective independent valuation analysis of companies in a broad range of industries including: software and technology, business process outsourcing, engineering, cable, TV and broadcast, general and subcontracting, waste management and recycling, gaming, machine and manufacturing, freight and transportation, building supply and construction, human resources, automotive, distribution, venture capital and medical devices.
