

THE CENTER FOR INTERNATIONAL BUSINESS VALUATION

A Platform for Knowledge Exchange

The Center for International Business Valuation (CfIBV) strives to provide internationally accepted training, tools, and techniques to support the quality of business valuation globally. The CfIBV owns the Southeastern Africa Charter of the International Association of Certified Valuation Specialists (IACVS).

IACVS - SOUTHEASTERN AFRICA CHARTER

Delivering the Next Generation of Business Valuation to Africa

IACVS - Southeastern Africa is a chapter of the parent organization, IACVS. Our Vision, Mission, and Values are aligned to bring together valuation training, continuing education, and valuation consultancy to the African continent.

What we do:

- ▶ Conduct business valuation data gathering for nations in the Asian and African markets, and
- ▶ Provide credential training for the International Certified Valuation Specialist (ICVS) credential
- ▶ Produce the ICVS with Advanced Studies in Financial Instruments (ICVS-A) credential training, which includes fair value topics and Python programming
- ▶ Host global business valuation conferences in Africa
- ▶ Conduct research as a think tank on fair value accounting and measurement, as well as business valuation in emerging markets
- ▶ Publish informational articles for business valuation professionals and academics
- ▶ Deliver customized training in the areas of accounting and finance, including IFRS updates and valuation methodologies
- ▶ Offer consulting and advisory services
- ▶ Organize networking events and Chapter meetings
- ▶ Produce a due diligence software platform for subscription use
