

# FLORIDA INSTITUTE OF FINANCE COLLEGE

*Home of the MBV*

- ▶ FIFC is the first college dedicated to the art and science of business valuation and the only college that grants a Master of Business Valuation (MBV) degree.
- ▶ Based upon a master-apprentice teaching model, this fully on-line program combining on-demand lectures and materials with one-on-one student-instructor interactions can be completed in 18 months.
- ▶ The sequence and content of the program's courses were developed by both academics and professionals with practical experience in teaching and working in this rapidly-growing, impactful career.
- ▶ Students utilize and learn to write Python programming language as part of the program.
- ▶ Upon successful completion of the MBV program, students automatically earn two highly respected international business valuation credentials from professional associations, the International Society of Business Appraisers and the International Association of Certified Valuation Specialists.
- ▶ Demonstrating mastery by using the skill sets acquired to write professional portfolios of four valuation reports, students are immediately able to establish a business valuation practice.
- ▶ **Accepting students three times per year. For more information contact [info@fifc.education](mailto:info@fifc.education) or visit [www.fifc.education](http://www.fifc.education).**
